10/23	9 a.m. – Noon Brownsville
10/23	1:30 – 4:30 p.m. Brownsville

You're Invited!

OneStar Foundation and our State Service Plan partners invite you to join us to create the plan for Texas to facilitate more innovative and effective usage of volunteers.

Annually, over 4 million Texans dedicate their time, talents and energy to making a difference. Nonprofit organizations in Texas—and the people they serve—benefit enormously from the hours and efforts that volunteers contribute. As demands for services are growing rapidly and donations grow scarcer, volunteers are becoming a more critical resource than ever before in addressing our communities' needs.

At this meeting, participants will help revise the State Service Plan by establishing strategic goals to enhance volunteerism across the state. We will convene community leaders from the public, private and social sectors to discuss how Texas can:

- Support and strengthen volunteerism efforts statewide.
- Generate ideas on leveraging resources resulting from the Serve America Act.
- Publicize national data and trends related to volunteerism.
- Position the entire state to be Texas Volunteer Ready!

By meeting with us, you can help create the future of the State Service Plan, and of service in Texas. Together, let's ensure that Texans are ready and able to serve their communities and their state.

Space is limited! RSVP today.

By signing up, you agree to review materials and discussion questions in advance. Meeting location will be shared upon registration.

RSVP to events@onestarfoundation.org. Please specify the date and time of the session you will attend in the subject field of your reply.
